

KWE,

C'est avec plaisir que je VOUS transmets les horaires de télédiffusions de TAM II SUR LE RÉSEAU STANDARD. Il y aura une autre diffusion sur le réseau HD.

Voir ci-dessous. **La première aura lieu le 3 janvier 2011, à 20 heures.**

Il y a quatre signaux de diffusion.

Le signal « East Feed » (heure de Montréal), le nôtre, est capté à la position 25 de Vidéotron (les autres câblodistributeurs diffusent aussi APTN – il faut leur demander la position précise).

Le signal « West Feed » (heure de Calgary) est capté uniquement dans l'Ouest (de la frontière Ontario-Manitoba à la Colombie-Britannique).

Le signal « North Feed » (heure de Winnipeg) est capté uniquement au nord du 60° parallèle.

Les gens de Moncton qui veulent regarder l'émission, doivent se fier à l'horaire « East Feed » et ajouter une heure : une heure plus tard dans les Maritimes !

Bon SPECTACLES !
